

Action required: Your BOIPA gateway is now live

Dear customer,

We're delighted to confirm we have migrated your online payment account with BOIPA gateway and acquiring services for **Templeogue College Swim Pool**. This email contains the next steps you need to take to start taking payments with us.

Getting Started:

You will have received a registration email from register@boipa.com. It will look like this:

Once you have followed the “Register Now” link and completed registration by setting your username and password you will be fully set up on the portal.

Connecting your website to take payments

We have many different integration options to allow you to provide the best experience for your cardholders.

If you are using a shopping cart or platform such as WooCommerce, Prestashop or Opencart you can find step by step guides on how to set it up here:

<https://developer.boipagateway.com/docs/integration-options/plugins>

If you want a more custom solution you can find our SDK libraries and API guides here:

<https://developer.boipagateway.com/docs/integration-options/overview#lowcode>

We have set up **Production credentials** so you can start taking payments on your new gateway. Please follow the guides on our [developer portal](#) to get started.

Your Merchant ID (MID) is: **IE7200018387978**

Client ID: **EVOIE0CHY0745**

Your account name is: ECOMIE7200018387978

Your App ID is: 3rVzj4c9YTwOsBwU9d6wWfM6G2XfV2Dm

Your App Key is: TVo8VVvs*****

Please note these details are sensitive and should be kept secure.

In a separate protected email, you'll receive the rest of the app_key.

Your Business Resource Centre (BRC) details remain the same and you can still access BRC to view:

- Statements Invoices
- Monthly Billing and invoicing
- Transaction Reports Current Rates
- Your Contract

You can always access the BRC portal at: <https://boipa.com/business>

The BOIPA ECOM reporting portal

Your new payment gateway comes with an ecommerce reporting tool that allows you to:

- Manage your transactions and complete voids or refunds
- Manage your customer's details and stored cards
- Manage users
